## About CCCSA

Chinese Chamber of Commerce South Australia Inc is a private, not-for-profit business organization founded in 1989 by enterprising businessmen keen to springboard the South Australian businesses through the Chinese Chamber of Commerce network worldwide.

Our mission is simple: encourage member business to grow to responsible private enterprise through the provision of a range of network contacts and cost-effective services to business.

Our members have been directly and indirectly involved with projects both locally and overseas. We have worked with Government Departments and NGO's to promote economic growth in SA. We have coordinated trips to China, Malaysia and other parts of Asia, and we have received delegations from overseas. We have worked with overseas partners to set up businesses in SA.

Our greatest advantage is the large network worldwide made up of individual friendships. Members recently traveled to Korea for the 8th World Chinese Entrepreneurs Convention and others were at the Singapore Food Fair. Locally, the Chamber provides opportunities to increase your contacts.

We regularly have New Business to Business meetings where members meet socially and hear of new products/services that may be available. On June 21, we will have an opportunity to listen to Geraldine Cox's experiences while having a 10 course banquet at Ming's palace.

While the Chamber focuses on business, it is not all business. We raised funds for our farmers after the devastating fire in the Eyre Peninsula, and we supported an orphan who was in Adelaide for cranio facial surgery. With members, both large and small, from all sectors, CCCSA is a credible and influential force in the push for a competitive free enterprise economy.

**We look forward to your participation.
